

# SIOT 2025 ROMA

108<sup>TH</sup> NATIONAL CONGRESS OF THE ITALIAN  
SOCIETY OF ORTHOPAEDICS AND TRAUMATOLOGY

Rome, November 6 - 8 Rome Cavalieri Waldorf Astoria Congress Center

[www.congressosiot.it](http://www.congressosiot.it)

## Dear Friends

Also in 2025 the SIOT Congress will be held in Rome and will still be a container of topics of interest to Orthopedics and Traumatology. As Presidents of the Congress we will try to identify, in the main topics that will be proposed, topics of high scientific commitment and above all of immediate relevance, with the aim of disseminating the news on the epidemiology, physiopathology, diagnosis and therapeutic indications of the most important musculoskeletal pathologies. The in-depth analysis of the themes of the main topics will take place with the organization of symposiums, round tables, reports and free communications, carefully selected, which will be entrusted to expert speakers, with the aim of promoting interest in colleagues, especially younger ones who want to dedicate themselves to the different branches of our discipline. Also in this edition of the congress, the presence of specialty societies that will address themes shared with our scientific society is important. In addition to the topics usually proposed, we thought it appropriate to emphasize aspects that are increasingly widespread in our daily clinical practice, in particular by examining topics on the various aspects of Traumatology of the Fragile Patient and the Polytraumatized. Furthermore, ample space will be given to the modern aspects of Orthoplasty, a discipline that is increasingly spreading in revision prosthetic surgery, in the surgical treatment of infections and neoplasms of the musculoskeletal system. We also believe it is important that the SIOT congress represents a place of meeting and discussion between Orthopedic Surgeons, who work in Hospital and University Companies and in accredited structures, among themselves and with the pharmaceutical and medical devices Industries. The ultimate goal is that all together they can contribute to the improvement of our professional activity for the advancement of the care provided to citizens affected by musculoskeletal diseases. Hoping to have hit the mark, with the choice of topics, on the interests of SIOT Member Colleagues and all other colleagues of different specialties, complementary or who support orthopedists in the treatment of musculoskeletal pathologies, we look forward to seeing you in large numbers.

Giulio Maccauro

Francesco Pallotta

# MAIN TOPICS

- ▶ HIP
- ▶ ARTHROSCOPY
- ▶ ANKLE AND FOOT
- ▶ KNEE
- ▶ INFECTIONS
- ▶ REGENERATIVE MEDICINE AND BIOTECHNOLOGY
- ▶ ONCOLOGY
- ▶ PEDIATRIC ORTHOPEDICS
- ▶ ORTHOPLASTY
- ▶ POLYTRAUMA
- ▶ WRIST AND HAND
- ▶ PROSTHETICS
- ▶ SPINE
- ▶ REHABILITATION
- ▶ ROBOTICS
- ▶ SHOULDER AND ELBOW
- ▶ TRAUMATOLOGY AND SPORTS MEDICINE
- ▶ TRAUMATOLOGY OF THE ELDERLY

## Abstract Submission

DEADLINE **MARCH 28, 2025**

Rules for drafting and submit the abstracts will be reported on the dedicated page of the congress website [www.congressosiot.it](http://www.congressosiot.it). The Scientific program of the Congress will be constantly updated on the dedicated page of the website.
